

# Introduction to PCORE

Employee Onboarding Session  
March 20th, 2019

---

---

Patient-Centered Outcomes Research Institute  
**EUGENE WASHINGTON PCORI ENGAGEMENT AWARDS  
PROGRAM FRAMEWORK**

**ENGAGEMENT PRIORITIES**

Develop a PCOR  
community for  
engagement in PCOR

Engage community in  
PCOR

Promote dissemination  
of PCOR findings

**KEY PROGRAM AREAS**

**Capacity Building**

- Equip patients and other stakeholders with the skills necessary to meaningfully participate in CER as partners throughout the research process; and/or
- Develop infrastructure and partnerships for disseminating and implementing PCORI-funded research findings

**Dissemination Initiatives**

- Support organizations and communities in actively disseminating PCORI-funded research findings. Aimed at spreading awareness and increasing knowledge of evidence from PCORI-funded research, targeted directly to patients, clinicians, and others who can use this information to inform their healthcare decisions.

# What is Patient Centered Outcomes Research?

- ❖ **Research** that centers on **engaging patients**, family caregivers, clinicians, and other healthcare stakeholders as **active partners in research**, helping research teams decide **what to study** and **how to study it**.
  - ❖ By engaging patients throughout the research process, we are more likely to **ask the right questions**, study the **outcomes that matter most** to patients, and produce **useful and relevant results** that are more likely to be used in practice.
-

# What is Patient Centered Outcomes Research for Employees (PCORE)?

- ❖ A **community partnership** between **employees** with multiple chronic health conditions, **anchor partner employers**, **academic researchers**, and **clinicians** that seeks to **build the capacity** of employers and researchers to **incorporate employees** and **their interests** into **patient centered outcomes research** and/or comparative effectiveness research.
-

# PCORE Frequently Asked Questions

- ❖ What exactly is PCORE looking to do in our organizations?
  - ❖ If there is not a project being implemented immediately, why are we involving employees?
  - ❖ How will our organizations benefit from PCORE?
  - ❖ How is focusing on employees going to help the greater community of the Near West Side?
  - ❖ How will the input of just a handful of employee participants on the panel sufficiently inform the development of a research project?
-

# What will my role be in PCORE?

Represent the voices of employees with chronic health conditions and share common experiences in panel meetings

Collaborate with employers, researchers, and clinicians to help identify relevant research questions and initiatives

Discuss PCORE with other employees and gather their feedback to help provide a holistic view of employee experiences

Attend stakeholder panel meetings once every other month until September 2020

Communicate with PCORE leadership team if you have any questions or concerns

---

# PCORE Goals

## Short Term

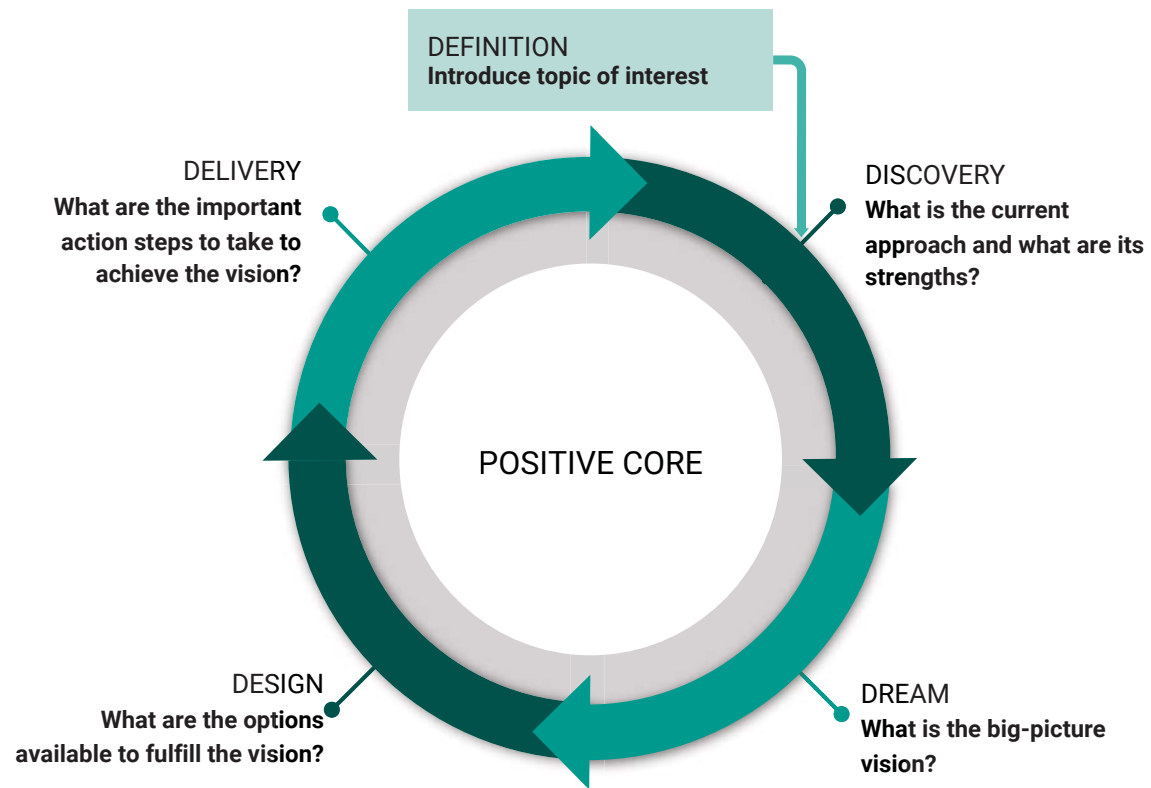

- ❖ Creation of an environment that **encourages dialogue** between PCORE Panel members.
- ❖ Development of the **capacity of researchers and clinicians** to design **patient centered** research questions and draw on the **experiences of employees** with multiple chronic conditions (MCC)
- ❖ Introduce and discuss **relevant research concepts** to panel, such as PCOR and Comparative Effectiveness Research education

## Long Term

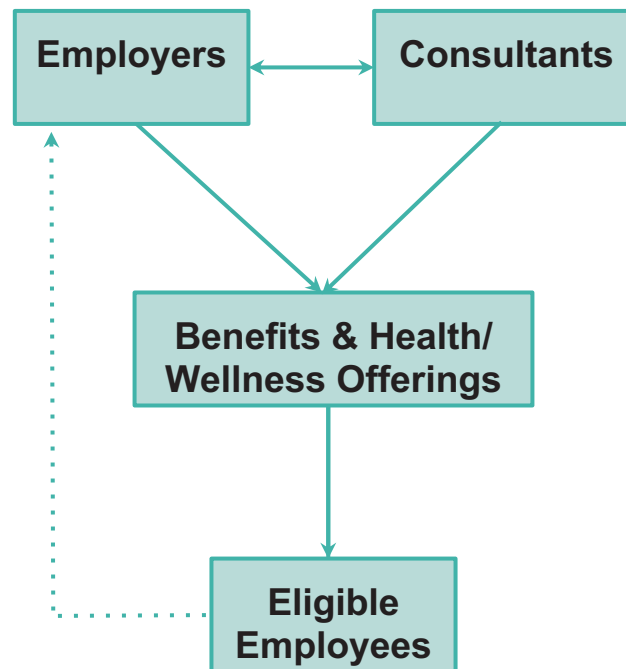

- ❖ **Employees with MCC** will gain knowledge of how to **contribute meaningfully** to the development, implementation, and dissemination of **research**.
- ❖ PCORE members will have the **capacity to engage** with PCOR research and champion the unique **experience of employees** with MCC to external researchers.
- ❖ The PCORE panel will be a **sustainable and translatable model** for **incorporating the voice of employees** with MCC into research.
