   Amanda Dempsey, PI
   Key Personnel - Evelinn Borrayo, Donald Nease, Elizabeth Juarez-Colunga, Karen Albright, Larry An
   ______________________________________________________________
   ______________________________________________________________
   ______________________________________________________________
   ______________________________________________________________

3. Does Recipient have a Conflicts of Interest Policy or Guidelines that meets the requirements of the federal financial conflicts of interest regulations of the US Public Health Service (http://grants.nih.gov/grants/policy/coi/) that it applies to PCORI-funded research?
   ☒ YES   □ NO

4. If you checked “No,” Recipient must provide information describing how Recipient will ensure that the PCORI-Funded Research Project is not influenced by conflicts of interest.
   ______________________________________________________________
   ______________________________________________________________
   ______________________________________________________________
   ______________________________________________________________

(Form 9/28/2016)
5. Report the existence of any financial or personal interests or associations of Recipient, Principal Investigator, and Key Personnel related to the PCORI-Funded Research Project under this Contract that constitute a conflict of interest. Attach the management plan that addresses identified conflicts of interest. Please print “None” if Recipient, Principal Investigator, and Key Personnel have no financial or personal interests or associations that constitute a conflict of interest. (Attach additional documents, if needed).

Amanda Dempsey serves on advisory boards for Merck, Pfizer, and Sanofi Pasteur. She also has served as a consultant for Pfizer. Dr. Dempsey does not receive any research funding from these entities, nor did they play any role in this research. The Conflict of Interest office at the University of Colorado has indicated that given the low level of potential conflict that exists, no formal management plan is needed to address these conflicts. All other key personnel have no conflicts to declare.

6. Please list any direct or indirect links to industry (such as pharmaceutical, medical device, health insurance, and other healthcare-related companies) that Recipient has related to the PCORI-Funded Research Project. There is no need to include disclosures here that are reported under Question 6 above. (Attach additional documents, if needed).

None
7. If Recipient has any additional material information relating to disclosures or management of conflicts of interest, or other protections against bias pertinent to the PCORI-Funded Research Project, please describe it here.

None

The undersigned certify that the above information is complete and true to the best of their knowledge and understand that this completed form, with these disclosures, will be made publicly available by PCORI in conjunction with the research findings relating to the Research Project.
