Section 2: Completing & Approving Conflicts of Interest (COIs)

PCORI Awardees are required to complete and submit Conflict of Interest (COI) forms in PCORI Online. First, the Principal Investigator (PI) will complete a COI form on behalf of the project and submit it to the Administrative Official (AO) for approval. Next, the AO will review and approve the COI form or return it for further updates. The COI form should be completed and approved every year between the 11th and 12th month of the project. For example, if the project start date is January 1st, then the COI form should be completed and approved between December 11th and December 31st for each year until the end of the project. The PI and AO will receive an email notification 11 months after the last COI form has been submitted as a reminder to complete the next COI form.

2.1 Completing the COI Form (PI)
   1. On your project record, navigate to the COI & Expertise section.
   2. Click the 'New COI & Expertise' button.
3. You will be brought to a new COI & Expertise form page. The first two fields, **Name of Recipient (Awardee Institution)** and **Name of PCORI-Funded Research Project** will automatically populate with information from your project.

4. The next section requests that you confirm the names and institutions of the PI and other Key Personnel on your project. Review the populated information to confirm that it is correct.

5. If the PI & Key Personnel information are correct, select the checkbox next to the **Above Key Personnel Names are validated** field.

**Note:** If the information in this section is incorrect, please reach out to help@pcori.org. Please note that all changes to Key Personnel require PCORI approval.
6. Once you have verified that this information is accurate, the page will expand with questions for you to answer. Begin by answering the first question, which asks whether or not the recipient has a COI Policy or Guidelines that meet the requirements of the federal financial COI regulations. Use the drop-down menu to select ‘Yes’ or ‘No.’
   a. If ‘Yes,’ continue to the second question on the form.
   b. If ‘No,’ the page will expand to include an additional question. Enter your answer in the box provided. Once you have answered the first question, continue to the next question in the form.
7. Answer the remaining questions on the COI form using the boxes provided.
8. After entering all information, click ‘Save.’

By submitting this form for approval, you certify that the above information is complete and true to the best of your knowledge and understand that this completed form, with these disclosures, will be made publicly available by PCORI in conjunction with the research findings relating to the Research Project. Both the Administrative Official and Principal Investigator must complete and submit one form.

9. After saving, you will be navigated back to the project page. To review the COI or make further edits, scroll down to the COI & Expertise section and click the applicable COI & Expertise Number to navigate back to the COI form. Until you submit the COI form for approval, you can return to the COI form and edit any of the information.
