I was paid $2,674.72 by SomnoMedics to cover travel expenses for a seminar talk on “Continuous Noninvasive Blood Pressure Measurement” on 7/6/2016 for the 41st Annual Meeting of the Japanese Society of Sleep Research. I am reporting this conflict since we used the SomnoMedics non-invasive blood pressure measurement devices for our study; however, this seminar talk was after all patients had completed participation in our study. This talk was an invited talk but not a product promotional talk, and I was required to submit my slides in advance to the Japanese Society of Sleep Research for review by the society.
