

Agenda

Latino Roundtable

July 23, 2013

1828 L Street, NW
Suite 900
Washington, DC 20036

Meeting Objectives

Develop PCOR Community

1. Create community and promote interest in patient-centered research among Latino patients and health professionals

Engage Community in Research

2. Identify healthcare issues and outcomes important to Latinos for future research
3. Gain input from Latinos on PCORI's research programs
4. Identify how PCORI should engage Latinos in our research process

Disseminate and Implement Research Findings

5. Identify barriers and gaps in knowledge or opportunities for dissemination and implementation

9:00 AM Welcome and Overview of PCORI

Anne C. Beal, MD, MPH

Deputy Executive Director and Chief Officer for Engagement, PCORI

Goal: Share a brief overview of PCORI, our national priorities for research, and how funding decisions are made (Objective 1).

9:15 AM Introductions

Susan Sheridan, MBA, MIM

Director, Patient Engagement, PCORI

Goal: Allow participants to become acquainted with each other and understand what motivated each participant to attend (Objective 1).

9:45 AM Patient-Centered Outcomes Research Opportunities

Members of PCORI's Science Team

Goal: Provide participants with information on the research PCORI has funded and the areas and issues of interest to our science team (Objective 1).

10:30 AM Group Photo and Break

11:00 AM Health and Healthcare Issues in the Latino Community

Roundtable Participants

Goal: Identify healthcare issues and outcomes important to Latinos from varying stakeholder perspectives, and frame issues in the five national research priorities (Objectives 2 and 5).

11:45 AM Public Comment Period
